Getnet and Nayax Announce Global Strategic Partnership to Accelerate Integrated Payments and Commerce Solutions Across Latin America and Iberia

- The agreement will enable operators of vending machines, electric-vehicle chargers, self-service kiosks and other automated self-service businesses to benefit from Nayax's payment technologies and Getnet's local acquiring network.

- Nayax will roll out across Getnet's acquiring network in Chile first, followed by Spain, Portugal, Brazil, Mexico, and Argentina.

Madrid (Spain) and Herzliya (Israel), 29 September 2026. Getnet, the global merchant payments platform and the leading payment solutions provider in Latin America and Iberia, and Nayax Ltd (NASDAQ: NYAX, TASE: NYAX), a global commerce enablement, payments, and loyalty platform helping merchants scale their business, today announced its partnership aimed at accelerating integrated payment acceptance and commerce services across key markets in Europe and Latin America.

The agreement will enable operators of vending machines, electric-vehicle chargers, self-service kiosks and other automated self-service commerce businesses to access an integrated payment solution combining Nayax technology with the Getnet acquiring platform in Latin America and Iberia. Operators will gain a single, reliable way to accept cashless payments across their unattended machines, and their customers will gain a smoother, more familiar checkout process wherever they pay.

The partnership will open key new Latin American markets for Nayax and strengthen its regional presence. Getnet, in turn, will broaden its product portfolio into the unattended space and increase processing volumes. The rollout will begin in Chile within the coming weeks and expand progressively across Spain, Portugal, Brazil, Mexico and Argentina, offering Nayax a scalable route into the region and a foundation for sustained growth.

"This partnership is an important milestone for Nayax, opening new markets across Latin America while strengthening our offering in the countries where we already operate," said **Oren Tepper, Nayax's Chief Commercial Officer**. *"Together with Getnet, we can provide merchants a stronger, more integrated way to accept payments."*

"This agreement represents another important step in our strategy to become the preferred payments partner for technology companies, ISVs and commerce platforms around the world," said **Fabrice Mendez, Global Head of Partnerships at Getnet**. *"Nayax is a recognized global leader in unattended commerce, and together we will help merchants benefit from integrated payment experiences that combine global innovation with local acquiring expertise."*
